LIQUID FOOD COLOURS

Kemry Liquid Food Colours inspire the creativity of skilled pastry and cake chefs, bringing their artistic visions to reality. Made from premium ingredients, a mere few drops are adequate to achieve the desired colour intensity.

Directions of Use: The Liquid Food Colours can be blown by spray gun or can be mixed directly to make artistic flowers from cream. These handy liquid food colours are ideal for colouring cakes, icing, cookies, ice-creams, confectioneries, sweets, sharbats, jams, jellies, syrups and more. You can accurately have your colour shade by changing the amount of colour used.
